

FORMWORK

Milliken[™]

INSPIRED.

The simplicity of form truly defines function. Refined to the elemental, the structure is both clever and quiet. The mood adapts and configures to those who occupy it, becoming a place of making and doing or just one of reflection and peace.

INSPIRING.

Offering understated simplicity and texture in a sophisticated palette, Formwork provides a practical and timeless coordinate to a wide selection of Milliken collections globally—made easier by coordinating colors using our Color Reference system.

The functional modular tile provides a full range of solutions. It can be used as a modern, full-field solid, define circulation or act as a transition between patterns.

STYLE BACKED BY PERFORMANCE

Milliken Floor Covering offers products and expertise in all areas of your commercial spaces, including high-performance entryway systems, modular and broadloom carpet, and resilient flooring. Simplify your flooring projects by working with a trusted partner that lets you focus on enjoying the process of creating a great space.

WARRANTY

Our products are backed by lifetime commercial warranties that ensure quality and give peace of mind.

SUSTAINABILITY

Milliken carpet, LVT, and entrance flooring tiles are carbon neutral everywhere in the world. As part of our M/PACT™ carbon neutral program, great care is taken when selecting materials, our carpet materials are Red List Free and PVC Free.

MOISTURE MANAGEMENT

Milliken modular carpet is a moisture mitigation solution all by itself. Our carpet's WellBAC® open-cell backing allows the floor to breathe and moisture to evaporate, unlike hardback products.

STAINSMART®

StainSmart provides lifetime resistance for your carpet against penetrating stains and soil.

WELLBAC® CUSHION

WellBAC® cushion provides superior underfoot comfort while improving the carpet's durability and offering ergonomic, acoustic and environmental benefits.

TRACTIONBACK®

Our bio-based, high-friction coating keeps carpet tiles securely in-place without additional adhesives, eliminating the need to prime or seal the floor, thereby reducing installation time and costs.
