Guest Rooms SDN and LVT

Make every guest room an unexpected upgrade with the possibilities provided by LVT and solution dyed modular carpet tile. Each room can become a unique installation with the use of multiple products to create texture or have a monolithic design with a single product selection. For the ID Two collection, we've made selections from our open line LVT and SDN carpet tile offering easy coordination with the larger scale patterns in the collection. Awaken new choices in guest rooms with Milliken LVT and carpet tile.

Luxury Vinyl Tile

Hospitality Broadloom & Modular Carpet

Milliken's broadloom and carpet tile constructions incorporate the latest innovations in tufting and dyeing technology, achieving desired aesthetics and excellent performance. With our virtually unlimited color capability and easy to use custom design systems, creating inspiring carpets that achieve brand standards is easy. Our Color Reference system makes coordinating multiple products across a single project a snap; whether it's carpet, LVT, or entry systems. All modular carpet tile products have industry leading cushion backing that offers an extended lifespan, ergonomic and environmental benefits as well as requiring no moisture testing above grade or on new slabs. Broadloom carpet also has cushion-back options, and all are standard with StainSmart®, a proprietary treatment applied to Milliken carpets to repel and protect against stains and enhance soil release.

Luxury Vinyl Tile

From natural looks of wood and stone to more modern textures and abstracts, Milliken's collection of Luxury Vinyl Tile flooring creates new options for the hospitality interior. With industry leading wear-ratings and a variety of installation options, our LVT collection brings new and inspiring options for resilient flooring. Our simple-to-search Color Reference system provides easy coordination of the LVT options to modular and broadloom carpets. From carpet tile to broadloom to planks to LVT, Milliken provides durable and elegant options for your project.

Guest Rooms Modular Carpet

Whether digitally patterned or solution dyed nylon, our guest rooms carpet options solve many of the design, installation, and maintenance concerns of property owners. From creating new guest room updates and meeting brand standards with ease, to lowering both maintenance and installation costs, our guest rooms carpet offering creates a difference for your property. With a variety of constructions, colors and patterns, Milliken has the right guest room carpet for your next project.

Trusted Performance

Milliken's hospitality flooring products provide peace of mind. With an industry leading 14 lifetime warranties, our flooring solutions bring value to the property each and every day. Industry-leading technologies, such as our ComfortPlus® cushion backing systems, help to create a more comfortable, quiet, and durable interior. Combine the expansive product options with our commitment to service and project coordination to see how Milliken can be your trusted partner to be sure each flooring decision is the best for your project.

How To Use étage

1

Select a design as shown in this brochure, or use étage technology to customize.

Add and subtract design layers and motifs to create your own look. Remember that you must always use at least two layers, one of which must be the background.

2

Designs in this brochure use a set of colors intended for this particular collection.

Specific colors used in each design are indicated below each pattern image as a swatch of the color with a number inside it. Refer to the colorway diagram on page 27 to find a corresponding color code. These colors are part of the Milliken Pure Color system.

3

Choose a carpet construction that suits your installation.

Contact your Milliken representative to discuss the carpet construction that's best for you.

Order #: 00738838

Designs shown in the brochure are ready to use, but you can also select them as a starting point for customization using étage technology.

Order #: 00739656

No change is too great or too small (like simply choosing different colors from a pre-designed rug/runner).

Colorway

The ID Two collection has twelve colors from over 1360 options in our Pure Color system.

pure|color

Based on the Natural Color System (NCS), the Pure Color Box lets designers play with the entire color wheel. With over 1360 defined colors and endless options in-between, PureColor makes custom easy.

When it's time to break away from traditional hospitality looks, engage in étage technology.

This all-new process builds a complex pattern, layer by layer. Creating a fully custom look is as simple as choosing and combining layers — layers of organic design elements that defy traditional ideas of symmetry, boxes and borders. Étage technology brings a kind of freedom of design never before known in the hospitality industry.

Each collection includes small-, medium- and large-scale elements for ultimate flexibility in defining rugs, runners and open areas. Combine broadloom and modular and get the best of both. Freedom. Control. It's all here, waiting for an artist's touch. Exclusively from Milliken.

Order #: 00739659

Layers can be added, subtracted, re-ordered, rotated, re-sized and re-colored in any combination to suit your needs.

Order #: 00739609

Best of all, repeating layers and motifs from all étage collections can be used together to create a myriad of designs.
