INSPIRED.

An eased movement of hand accompanied by the strengthening morning light brush away the shadows to slowly reveal what has taken thousands of years to form. Layers of color emerge within and beneath the solid surface. Organic matter compressed into hardened stone becomes a new material as only nature could create, and man could be inspired.

INSPIRING.

Creating the uncommon from the common, the Lapidus Collection reinterprets the intricate patterns and textures of newly discovered, unearthed surfaces on a luxurious, yet performance-based construction. An innovative kit of organic design elements eliminates traditional design rules and invites creativity in contemporary flooring with extraordinary depth and flexibility.

Lapidus Color Families

Twenty color families with coordinated transition tiles bridge layers of pattern for design fluidity across the floor. Transition tiles artistically connect colors to define spaces and soften intersections. Combine kit components for seamless undulations of pattern and color, or use individually for subtlety.

Available in 1m x 1m squares and 25cm x 1m planks.

Complete Flooring Solutions

Milliken Floor Covering offers products and expertise in all areas of your commercial spaces, including high-performance entryway systems, broadloom & modular carpet, luxury vinyl tile, and milliCare®. Simplify your flooring needs with a trusted partner that will let you enjoy creating a great space without having to worry about everything else.

Entry Systems

The OBEX® brand of products offers highly effective, comprehensive modular entry solutions designed as a three-zone barrier system to prevent dirt and moisture from entering the building.

Available in coordinated colors and patterns, OBEX® entry products are engineered to increase the functionality of a building's entrance without forsaking elements of design or aesthetic. Simple and easy to work with, OBEX® offers entry systems that can be recessed or surface-mounted as well as exterior and interior applications.

Broadloom & Modular Carpet

Milliken's broadloom and carpet tile incorporate the latest innovations in tufting and dyeing technology, achieving unique looks and excellent performance. With our Color Reference system, coordinating multiple products across a single project is a snap; whether it's carpet, LVT, or entry systems. All carpet tile products have cushion backing for an extended lifespan, as well as ergonomic and environmental benefits. Broadloom carpet also has cushion-back options, and all are standard with StainSmart®, a proprietary treatment applied to Milliken carpets to repel and protect against stains and enhance soil release.

Luxury Vinyl Tile

From natural looks of wood and stone to more modern textures and abstracts, Milliken's collection of Luxury Vinyl Tile flooring creates new options for a commercial or hospitality interior. Our simple-to-search Color Reference system provides easy coordination of the LVT options to modular and broadloom carpets. From carpet tile to broadloom to planks to LVT, Milliken provides durable and elegant options for your project.

milliCare®

We care for the environment with products and a method that improve Indoor Air Quality and reduce water consumption and your carbon footprint. We care about you professionally by saving you time through customized service plans for your entire space provided for by our franchise network. You work healthier and live healthier, and the planet is a better place because of it. We can bring that same quality of care and service to you wherever you are. milliCare takes caring for your flooring and textiles off your to-do list, which means that you get to skip right to the part where you get to lean back, put your hands behind your head, and be a hero for keeping a beautifully cleaned space.
