**INSPIRED. INSPIRING.**

A Swiss box of chocolates awaits its grand opening. The outside is restrained, refined and oh-so-minimal. But inside, well, that is an entirely different matter. Rich. Ornamental. Opulent. The gilded wrapper crinkles and catches the light, casting a golden hue. It is a modern-day equivalent of finding buried treasure.

**What is Étage?**

When it's time to break away from traditional hospitality looks, engage in étage technology. This all-new process builds a complex pattern, layer by layer. Creating a fully custom look is as simple as choosing and combining layers — layers of organic design elements that defy traditional ideas of symmetry, boxes and borders. Étage technology brings a kind of freedom of design never before known in the hospitality industry.

Each collection includes small-, medium- and large-scale elements for ultimate flexibility in defining rugs, runners and open areas. Combine broadloom and modular and get the best of both. Freedom. Control. It's all here, waiting for an artist's touch. Exclusively from Milliken.
