Lunaria

INSPIRED. INSPIRING.

A journey along the shore becomes a study of the layering of flora and fauna misted by the sea's soft and salty spray. Each leaf and bloom whispering with exuberance for us to visit and explore more closely. Lunaria is this exploration realized in carpet for the senior living market.

With a coordinated package of pattern and scale for carpet tiles, Lunaria's soft, warm neutrals accented with a cool, crisp blue bring elegance and sophistication to the senior living interior. Change a color or combine layers of Lunaria with one from your other favorite etage collection. Explore the possibilities of custom made easy.

Milliken™
