THE WALLED GARDEN

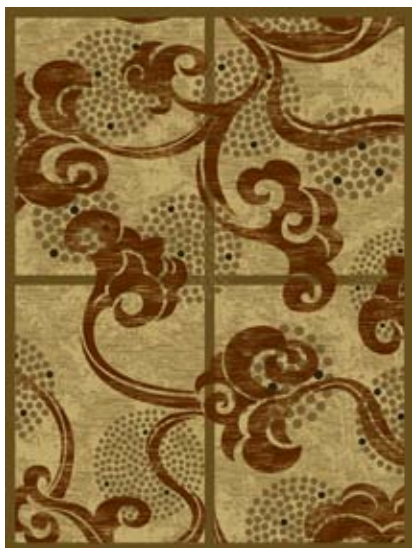

INSPIRED. INSPIRING.

Intricate scrolls and soft geometrics combine to create a collection of patterns reminiscent of a stroll through an exquisite, stately English garden. Developed specifically for the Senior Living market, The Walled Garden is the latest of Milliken's richly layered, award-winning étage® collections.

The coordinated package offers patterns of varying scales to provide the ideal selection for each area within a Senior Living environment — guest rooms, dining areas, lobbies and connecting walkways.

Milliken™
