VIEUX CARRÉ

INSPIRED. INSPIRING.

Taking the curve of the Mississippi River from Canal Street to Esplanade Avenue, the gracious elegance of the Vieux Carré, or French Quarter as it is most commonly known, fills the senses with sound, aroma, and visual delight. With inspiration from the elegant ironwork balconies and galleries in this historic area, the Vieux Carré Designer Series enlivens the imagination and brings a modern sensibility to old-world craftsmanship.

With a choice of scale and pattern from the étage® system, Vieux Carré allows for drama and refinement to live harmoniously in the hotel lobby, corridor or restaurant. Step boldly. Be Inspired with Milliken's Etage. Custom made easy.
